## Observations... From Around Town

(BY JAY WHOZIT)

Tuesday brought an end to Mississippi's 1947 county and state Democratic Primary elections, and with it many changes for the coming four years. . . . despite the efforts of one Rev. Chas Hamilton to the contrary, Hon. Sam Lumpkin was nominated Lieutenant Governor by a five to one majority, local results appear elsewhere in this issue. . . . Gulf Coast commuters and property owners overflooded at a hearing at the Jung Hotel, last Thursday, in New Orleans, to protest proposed changes in L. & N. commutation fares to the Coast, a transcript of the hearing will be sent to Washington for final action, meanwhile the new fare system scheduled to go into effect at once, was suspended by the ICC until February, 1948. . . . Brother Peter was a guest of Coach Frank Leahy, last Friday night in Chicago, when the Chicago Bears of the National Professional Football League, met the college All-Stars, who were victorious by a 16-0 score. . . . Stanislaus was well represented, with Brother Peter as guest, on the bench, Marthy Schwartz assistant to Coach Leahy and Felix "Doc" Blanchard at Fullback for the All Stars. . . . according to a New Orleans newspaper, His Eminence Francis Cardinal Spellman, archbishop of New York, will visit New Orleans on October 12th, during the conventions of the National Conference of Catholic Charities, and the Society of St. Vincent de Paul, October 9-13, now as we understand it, the Centennial of our own Lady of the Gulf Church will be celebrated on October 14th, so wouldn't it be wonderful if Monsignor Gmelch would invite and possibly induce this noted prelate to visit here on October 14th, in connection with our Centennial celebration. . . . Stanislaus and Bay High football squads started practice this week with prospects bright for a successful grid season. . . . already seven or more prospective candidates have stated their intentions of entering the November 4th General Election to fill the vacancy caused by the death last week of Senator Theodore G. Bilbo. . . . the Mississippi State Highway Department, on Tuesday of this week, let a contract for 1.25 miles of grading, drainage structures, gravel surfacing, and bridges on county road between Kiln and DeLisle, to W. N. Nail Construction Company, of Newton for \$62,300.00. . . . Supreme Court Clerk Tom Q. Ellis, renominated without opposition in the August 5th Primary, is one of the announced candidates to succeed the late Senator Bilbo. . . . It appears that the people of Mississippi would rather have Tom to serve them as Supreme Court Clerk. . . . WLOX Broadcasting Company, Biloxi, has made application to the Federal Communications Commission for a new FM Radio station. . . . the enormous crowd in front of the courthouse on Tuesday night to hear the election returns, proves that the people of Hancock County still take their politics seriously. . . . Supervisor Ed Ortte and the Missus left on Tuesday night for New York City, where Ed will attend the American Legion National Convention as a delegate from Mississippi. . . . since Monday is Labor Day, most of the country will enjoy a three day holiday this weekend, and here's hoping motorists will drive carefully on the highways, protecting their lives as well as the lives of others. . . . if you were unable to attend any of the meetings of the Catholic men of the Parish, to raise the necessary funds to complete the repairs on the Church, just mail your donation to Rt. Rev. Msgr. A. J. Gmelch, Bay St. Louis, Miss. . . . why were the Mayor and Commissioners of Bay St. Louis not at the hearing of the Interstate Commerce Commission on commuters' rates? . . . they at least should have shown some interest if they could not be present, in person they should have at least been represented. You can bet your bottom dollar the Mayor of Waveland was there with a lawyer. This hearing affected his people and he was interested.

—Mr. and Mrs. J. R. Shadoin and daughter Patricia and son Jimmy have returned from a month's stay in Birmingham.

—Mr. and Mrs. C. C. McDonald have returned from a trip to Monticello and Clinton, Tenn.

—Mrs. W. E. Powell of Mobile, Alabama, is visiting her aunt Mrs. Fred Banderet, Sr. Mrs. Powell came here for the funeral of Mrs. Alphonsine Mitchell on Monday of this week.

—Eva Allen who underwent an operation for appendicitis at the Kings Daughters Hospital last week has been moved to her home in Washington Street.

—Mr. and Mrs. Hester Ladner of Kiln, announce the birth of a son on Monday, August 24 at the Kings Daughters Hospital.

## Second Primary Election Held Last Tuesday

**Mitchell, Johnson, Ladner and Breland Elected To County Wide Offices. Jones, Lott and Ortte Supervisors. Martin and Rutherford Justice of the Peace**

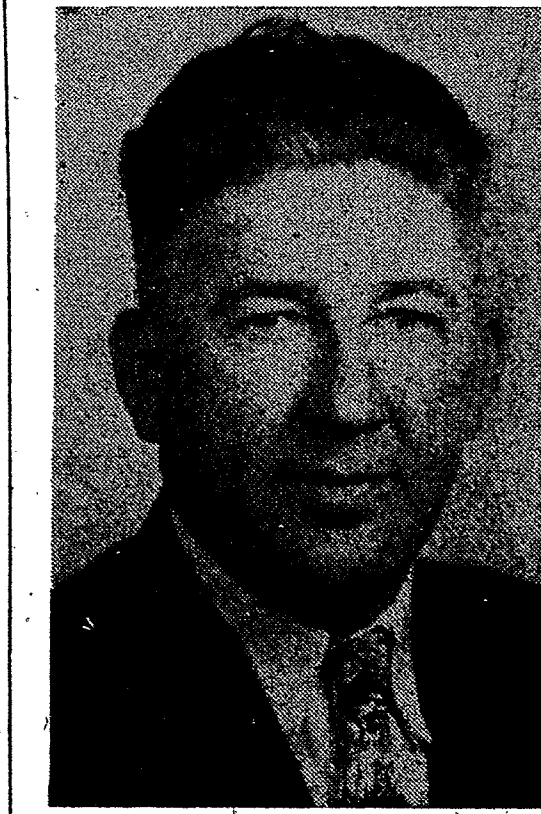

### SHERIFF AND TAX COLLECTOR

BURTON D. JOHNSON

Hancock County's next Sheriff and Tax Collector will be Burton D. Johnson. Mr. Johnson is 42 years of age and was born at Lakeshore the son of Nugent and Martha Ladner Johnson. When yet a child his family moved to Pascagoula, where he received his education. He later moved to Gulfport, where he served his apprenticeship in the G. & S. I. shops as boilermaker. During the war he worked with Ingalls Shipbuilding Company at Pascagoula, W. Horace Williams Co., at New Orleans, and Higgins Industries at Michoud.

### Superintendent of Education

EDWIN E. BRELAND

A member of one of the pioneer families of Hancock County was elected to the office of Superintendent of Education, when the voters gave Edwin E. Breland a majority of 206 votes over his opponent Clarence Ladner in the Second Primary Election on Tuesday.

### Mrs. Alphonsine Capdepon Mitchell Died Sunday

Death claimed one of our oldest and best loved citizens in the passing of Mrs. Alphonsine Capdepon Mitchell who died at her home here on Sunday night at 11:50 p. m.

Her funeral was held on Monday afternoon from the Tabby Funeral Home with the rites of the Catholic church conducted by Rev. Father Desmond. Interment was in the Logtown cemetery beside her husband the late James R. Mitchell.

Pallbearers were her five nephews Charles, Fred and Louis Banderet, Leon B. Capdepon, Jr., A. C. Mitchell and Frank Quintin.

Mrs. Mitchell was a native of Bay St. Louis but lived in Logtown for about fifty years returning to Bay St. Louis following her husband's death.

She was the mother of the late Charles Mitchell and leaves a daughter Miss Alice Mitchell a sister Mrs. Fred Banderet, Sr., one brother Judge Leon B. Capdepon, all of Bay St. Louis.

On last Tuesday the voters of Hancock County made their way to the polls for the second time in three weeks to select their choices for the various offices in the County. In this second primary the offices of Clerk of Courts, Sheriff and Tax Collector, Tax Assessor and Superintendent of Education were balloted on County wide. With contest for Supervisor in Beats one, four and five, and in Beat One and Five, the office of Justice of the Peace had to be decided.

The day passed quietly with the exception of a disturbance which took place at the Fenton Precinct, where Welton Ladner, Deputy Sheriff who was a watcher for Supervisor Lander H. Necaise, and Sylvester S. Moran, who was a watcher for Jack Lott, were having a dispute as to the qualifications of a voter, and other parties entered into the argument, and blows were passed or were about to be passed, when the Deputy Sheriff fired a shot, as the managers stated, to restore order. The only other incident reported, was that the peace and returning officer and one of the managers of the Gainsville Precinct had stopped in front of the Masonic Hall at Logtown on their way to the Courthouse and while there the ballot box of the Gainsville Precinct was stolen. This did not affect the results of the election, and the only office that could probably have been affected, was that of Supervisor in Beat 1. Joseph C. Jones without the results of the Gainsville Precinct had a lead of two votes. In the Gainsville Precinct he had a majority of 30 votes. This could have proved disastrous in the event Mr. Casanova, his opponent had been leading him without the Gainsville vote. Mr. Casanova stated however that under no condition would he have entered a contest knowing that the people of Beat 1 had selected Mr. Jones as their Supervisor, and that he would certainly abide by their wishes.

Elected to the various offices were the following: Representative Francis W. Lee, Clerk of Courts, Argle C. Mitchell; Sheriff and Tax Collector, Burton D. Johnson; Tax Assessor, Claiborne J. Ladner; Superintendent of Education, E. E. Breland; Supervisor Beat One; Joseph C. Jones; Supervisor Beat Four Jack Lott; Supervisor Beat Five Ed. P. Ortte; Justice of the Peace Beat One C. E. Martin; Justice of the Peace Beat Five, M. D. (Pat) Rutherford; Constable Beat Four, Joseph S. Cuevas.

The official results of the election are published elsewhere in this issue.

### SAINT MARGARETS DAUGHTERS CAKE WALK

Bontemps Post No. 139 of the American Legion for their building fund which campaign is now in progress to raise sufficient monies to erect a modern Legion home and public pier at the foot of Washington Street. It is needless to say that this fine gesture on the part of St. Margaret's will go far towards assisting the Legion in their campaign.

It is anticipated that there will be a good many cakes donated by interested parties, and in this connection, all donations should be brought to the deMontuzin Drug Store for their further handling.

Don't forget folks—Saturday night 7:00 P. M.

Their international ethnological and anthropological review entitled "Anthropos" gives evidence of the progress made by the missionaries in the field of science. ## MEETING OF MEN OF THE PARISH OF OUR LADY OF THE GULF CHURCH

A meeting was held Monday night, August 25, 1947, at the Knights of Columbus Home, Main Street, for the purpose of raising funds to complete work on Our Lady of the Gulf Catholic Church, Bay St. Louis, Miss. The meeting was well attended by more than sixty men of the parish who were interested in devising ways and means of collecting the necessary funds to complete this work which will approximate \$28,000.00. Walter J. Gex presided.

By unanimous consent of all present it was decided that a house to house canvass be made immediately after Labor Day to solicit contributions for this worthy cause. A committee was appointed to go over the list of parishioners who have not been contacted in this regard and to divide the different sections of the city up among the volunteer workers who will make personal calls. However to assist these men, whose time is limited, it will be appreciated if you will send your contribution to Monsignor A. J. Gmelch in advance of the house to house canvass.

Envelopes were placed in the pews last Sunday, August 24th for everyone wishing to do so to make their contribution and they will be picked up this coming Sunday, August 31, 1947. It is trusted that everyone will be very generous in their support of this drive.

### W. B. A. Meeting

Due to the first Monday of September falling on Labor Day, the regular meeting of the Women's Benefit Association has been postponed until the second Monday, September 8th at 8 o'clock at the Girl Scout House. All members are requested to attend.

The beach party held Wednesday, proved a huge success. About 25 members attended and many childhood games were enjoyed, as well as a watermelon and watermelon cutting.

At the hearing conducted by Burton Fuller, of Washington, Examiner of the Interstate Commerce Commission at the Jung Hotel on last Thursday which was called through the efforts of Congressman William Colmer, to study proposed changes in commuters fares between New Orleans and the Gulf Coast by the Louisville and Nashville Railroad, a delegation of Gulf Coast Commuters and property owners charged that if the proposed changes are made in the commuters fares, that the development of the Gulf Coast Area will be seriously retarded.

Under the proposed changes, three, four, six and twelve month commuters tickets to the Coast would be cancelled and replaced by tickets of a shorter duration at higher cost. It was charged that the proposed increase would be 150 per cent, and that if this increase would be put in effect that many commuters would be forced to sell their coast property.

Mr. Sidney Roos, Attorney of New Orleans, Mr. Walter J. Gex, Jr., Attorney of Bay St. Louis, and Mr. Louis Schwartz, Manager of the New Orleans, Traffic and Transportation Bureau represented the Gulf Coast Association at the hearing. Mr. Roos, stated that commutation fares are necessary to build up any sparsely settled region near a big City in order to relieve the housing burden on the City.

Representing the L. & N. R. R. was Edward D. Mohr attorney for the Company, and appearing as witnesses were F. C. Cowherd, assistant general passenger agent of the railroad, Clark Dunn, New Orleans District Passenger Agent, and H. W. Davis, head stationmaster for the railroad.

It was the contention of the railroad presented through testimony that the changes in the fares were necessary to gain an increase in revenue for the commuters service to the coast, which they contended has been operated at a loss.

At the conclusion of the hearing Mr. Fuller, stated that the transcript would be sent to Washington for final action.

C. M. (Red) Morgan, Chairman of the Mississippi Public Service Commission was an interested spectator at the meeting.

The new fare system which was to have gone into effect on August 28th, has been suspended by the Interstate Commerce Commission until February 29th, 1948.

## IS IT PERSONALITIES?

WHAT has happened to the Hancock County Chamber of Commerce? A chamber of commerce as we understand it, is an association of business men of a City or of a County who join together for the purpose of advancing the development of its particular section. It is the medium through which the business people of a City or County should speak.

How woefully neglected it has become. It is hardly possible to have a meeting of the Chamber of Commerce. It is practically impossible to secure a quorum for this purpose. The membership has dropped to a point where it is negligible. There is no interest displayed on the part of any one in its existence. This is wrong. We need a Chamber of Commerce. We need a live one. At the present time we have a Chamber of Commerce in name only.

Do you know that your Chamber of Commerce was not represented at the hearing of the Interstate Commerce Commission on last Thursday at the Jung Hotel in New Orleans, on the question of the cancellation of Commuters' fares? Why? We discussed the matter with the President of the Association and with the Secretary and we were informed that 17 business men had been called and asked to attend this meeting, and that the answer they received was that they were either too busy or that they had other matters to attend. Certainly this was an important matter and affected many people of Hancock County. It was important to the merchants of Bay St. Louis and Waveland. The trade of these people who live in our midst and who commute to and from New Orleans is an important factor to the welfare of these two cities. The money that they earn in New Orleans is spent here. It is new money brought into our midst, and certainly some interest should be shown in their behalf. As to who is at fault in this particular instance we shall let some one else make the decision, however we must say that the Hancock County Chamber of Commerce should have shown enough interest in the welfare of the residents of the Gulf Coast to at least have been represented at this meeting.

We hear it said on all sides of the many things that should be done to help develop this section, however we are all willing to let the other fellow do it. No particular one is willing to make a little sacrifice of time and energy to keep a movement going once it is started. We take a nonchalant attitude and assume that there is no further efforts to be lent, that someone else will probably look after it, and the consequence is that it dies of its own volition.

This is not a healthy situation for the County. Frankly, we do not know the cause. We have often thought that perhaps it was petty politics and jealousies that may have been the underlying causes, or could it be as was once said, that it was personalities. Whatever the cause may be should certainly be removed, and some interest shown in civic matters.

We should have enough civic pride and should be big enough, to cast aside our petty differences and give a little of our time and energy to any matter that may be of some benefit to our County and to its people and the only way that we can speak united is through our one civic organization that has been organized for that purpose, the Chamber of Commerce, and certainly those who have the responsibility of leading the way should do so, whether anyone volunteers to assist or not.

### A BANG-UP JOB

I'm proud of the way the Mississippi brewing industry and beer retailers have gotten together in the public interest. During the past eight years they've demonstrated that they can accept civic responsibility and discharge that responsibility well.

I'm thinking now about how W. W. Pierce, Director of the Mississippi Committee of the U. S. Brewers' Foundation, and his vigilant staff of field investigators have carried out their program of education and self-regulation.

There's nothing complicated

about the work of this committee. It's a down-to-earth program with one objective—that beer be sold only by responsible businessmen in full accordance with the law.

From where I sit, I'd say they're doing a bang-up job in seeing the law or lose their beer permits. The few violators of respectability are dealt with promptly and surely. They grow fewer every day!

### Speaks At Rotary Club Luncheon

Harry Maxfield, Executive Director of the New Orleans Area Council of Boy Scouts, was guest speaker at the Bay St. Louis Rotary Club on Wednesday. Mr. Maxfield said that Rotary stood for service before self and said that this should be inculcated into the Scout training. He said that Rotary means Democracy and Democracy stands for Peace and this should be said in part of the Scout training.

Mrs. Harry Maxfield is the former Miss Ruth Porter of Hattiesburg, who was a member of the faculty of the Bay St. Louis City schools but she and Mr. Maxfield make New Orleans their home now. play her divine role now, the world may come to realize the signal truth, he be not far from every one of us!

"If we fail now she continued the drama will go on without us but at an awful cost to us and to the world." "Is it possible that America, like Israel of old, will not recognize the things that belong to peace?"

Mrs. Dearing said that if America fails, if the group fails that God will not fail and said that whatever others may do or plan to do, each Christian has his orders individually written from God. "Ye are the salt of the earth... go ye."

Mrs. Claiborne Ladner gave an interesting paper on "So many workers here; So few There" stressing the need for missionaries in the foreign fields. Mrs. T. B. Sellers told quite interestingly of the Baptist Rescue Mission and what it has and is doing for the so-called "Bum" and the young girls who stray from the path of right. She told how clean and inviting the center is and how comfortable it is made for those who find refuge there.

A collection of clothes had been made for the rescue center and following the serving of delicious refreshments the clothes were assorted.

### Boat Destroyed by Fire

Dr. H. A. Eldredge had the misfortune of having his launch destroyed by fire as he was preparing to take his nephew and his grandson Walter J. Gex, III, for a ride.

The boat which Dr. Eldredge had purchased recently was moored at the North end of the Bay and Dr. Eldredge and the two boys had gone aboard preparatory to going out. As he attempted to start the engine it backfired setting the boat on fire.

He managed to get himself and the boys off and shoved the boat away from the boat of John Bell and other boats. The fire department was called but as water was not available at that point they could not do a great deal toward extinguishing the flames and the boat was completely destroyed. No insurance was carried, it was said.

## No Gags on Him!

Today it's news... tomorrow it's Mississippi history! And through these fingers pecking deftly and expressively at type-writer keys—the fingers of hundreds of Mississippi newspaper men—passes the news of the hour. No dictator warps their interpretation of the news. No gagging censorship distorts the facts presented to their readers. This is the free American way... the Mississippi way... that leads to full public knowledge and freedom of opinion.

Yes, the new man conserves the truth for posterity, helps the readers conserve their right to read and think as they please. So do other groups work to conserve all those

things we cherish in Mississippi. So, too, does United Gas recognize its place in conserving Mississippi's resources.

An ever-growing number of Mississippi cities and towns receive natural gas service directly or indirectly through United Gas. Not until United and others built pipe line systems to link wells with markets did natural gas become of value to the producer or of importance to the people of Mississippi. This is practical conservation, for it gives value to this finest of fuels, stimulates industrial development, creates jobs, and benefits all the families in Mississippi.
